Update on Supply Chain Transition for BioClean™ Products

Dear Valued Customers,

We would like to provide you with an important update regarding the transition of our product manufacturing locations, as initially communicated in LSCCN071 regarding the change in sewing location for Ansell LSS Garments. This notification includes further details on the affected styles and the revised timeline for the transition.

Implementation Details

As previously noted, the affected styles were scheduled to reach the market by March 2024. However, due to unforeseen circumstances beyond our control, this timeline was extended for the below styles due to high inventory. We are pleased to inform you that we are now progressing with the change of supply location from Sri Lanka to China. The revised timeline is outlined as below;

External Product Code	Description	Current location	New location	Timeline production at plant
BPC-005	BIOCLN BPC PHARMA COVER 5CM	Sri Lanka	China	Feb 2025
